Prof. Peter Feindt

Faculty of Life Sciences
Albrecht Daniel Thaer-Institute of Agricultural and Horticultural Sciences
Agricultural and Food Policy

Expertise
Prof. Peter H. Feindt and his research team focus on the transformation of agricultural and food systems towards sustainability, resilience, and fairness. To do this, we analyze the design and impact of individual policy instruments, policy mixes, and more comprehensive political and societal governance strategies. We employ qualitative, quantitative, and participatory-interactive methods. Prof. Feindt has extensive experience in research on agricultural, environmental, and technology policy, sustainability transformations, and the resilience of agricultural systems.

Scientific Services
- Consulting for public authorities, NGOs, and industry associations in the agricultural and food sectors
- Analysis of governance structures and policy-making
- Development of strategies for improving governance and policy designs
- Conducting workshops to analyze and resolve transformation conflicts in the agricultural and food sectors
- Continuing education offerings in the areas of agricultural and food policy

Testimonials
Prof. Feindt and his team have already conducted extensive projects for federal and state ministries, the European Commission, and various associations. He is also the Chairman of the Scientific Advisory Board for Biodiversity and Genetic Resources at the Federal Ministry of Food and Agriculture, a member of the Scientific Advisory Board for Agricultural and Food Policy at the same ministry, a member of the German Bioeconomy Council, and a member of the board of the German Alliance for Agricultural Research (DAFA).
